

**UCSB Network Science IGERT
Fall 2017 Application
Deadline: Dec 15, 2016**

For 2017, we anticipate admitting up to five new IGERT trainees. Students will apply to one of the seven IGERT departments, and in addition submit the following material to info@networkscience.igert.ucsb.edu:

- Current CV with contact information.
- The department to which you have applied (Communication; Computer Science; Evolution, Ecology, and Marine Biology; Electrical & Computer Engineering; Geography; Mechanical Engineering; Sociology)
- Statement of interest, pdf or Word. No more than one page. Address why you wish to pursue the IGERT Network Science traineeship, and how you believe the UCSB IGERT program would assist you in achieving your objectives.
- Related Background. No more than one page. Please summarize prior training and experience in each of the following two areas:
 - **Network Science:** Please summarize prior training or experience in either theoretical or empirical aspects of networks: social, information, computer, biological, transportation, etc.
 - **Big Data:** Please provide details of any prior training or experience with Big Data (collecting, manipulating, analyzing, modeling, interpreting data, especially data that is "big" and/or "complex").

Note that the each of the participating departments has its own application deadline that must be met. The deadline for the supplemental IGERT application is December 15, 2016.
